In the version of the article initially published, the x-axis label in the right panel of Fig. 4d was “0.1 mM versus 0 mM” but should have been “0.1 mM versus 0.03 mM”. The original survival graph in Fig. 5j was incorrect and corresponded to a different dataset. Fig. 5j has now been corrected, as seen in Fig. 1, below. In Extended Data Fig. 10e, the y-axis label was missing and has now been added. These corrections have been made to the HTML and PDF versions of the article.
